Er bod y cyhoeddiad hwn yn ymwneud â gofal cymdeithasol i oedolion, mae'r sefyllfa o ran gofal plant hefyd yn cael ei monitro hefyd.			In recent days we have been asked whether the fund will also provide cover for lost income from commissioned care – Welsh Government is considering this and will provide clarity shortly. It is ring-fenced for adult social care and included in the Covid-19 Local Government Hardship Fund established recently. It is to help ensure adult social care providers can maintain their care provision and be able to respond to any additional demand for care which arises. This allocation will be closely monitored to ensure it remains able to do this. Further details will be available later this week. In the meantime should adult care providers being experiencing such costs they should discuss this with their commissioning local authority. Whilst this announcement is about adult social care, the situation in children's care is also be monitored.
